

**GOVERNMENT OF MADHYA PRADESH
BHOPAL GAS TRAGEDY RELIEF &
REHABILITATION DEPARTMENT
BHOPAL**

MEMORANDUM ON PLAN OF ACTIONS

FOR

***THE RELIEF AND REHABILITATION
OF
BHOPAL GAS TRAGEDY VICTIMS***

has been observed that there is great need of development of these schools upto higher secondary level. It has been estimated that an amount of Rs. 10.00 lacs will be needed to upgrade these school upto higher secondary level.

The total estimated expenditure is Rs. 1.60 Crores.

3. **Construction of houses for dependents:** The State Government has been constructing houses low socio economic groups. Since Gas Relief Department has been established to take care of all rehabilitation programme for gas victims. Therefore, the Department had an idea to provide houses in all poor gas victims. But because of unavailability of sufficient fund the scheme could not be materialized. At present there is a plan to construct multi-storied complexes for 2500 families. There are 2500 families has been residing around Union Carbide plant and in the vicinity of solar evaporation pond. There is lot of hue and cry regarding availability of pure drinking water. There is possibility of contamination in ground water because of contamination by toxic chemicals from Union Carbide factory. The entire localities will be shifted to a safe place and for habitants staying in the localities will be provided houses. The total estimated expenditure will be about Rs. 40.00 crores. An amount of Rs. 4.03 crores which is remaining unspent from sanctioned amount of Rs.49.72 crores in first action plan, this amount will be adjusted under the scheme. The localities which are to be vacated will be marked as protected area where development of parks and plantation will be done. The detail of this has been shown under Environmental Rehabilitation. The details of construction:
