Berasia Road
Bhopal, Madhya Pradesh-462 038.

Madam,

This refers to your letter dated 06.04.2015 regarding contamination of soil and sub-soil water at erstwhile Union Carbide India Ltd (UCIL), Bhopal.

It may be appreciated that the National Environmental Engineering Research Institute, Nagpur, the Indian Institute of Chemical Technology, Hyderabad, the Indian Institute of Toxicology Research, Lucknow and National Geophysical Research Institute, Hyderabad have undertaken the required studies.

The hazardous waste of 347 tonnes (approx) lying in the premises of erstwhile UCIL would be incinerated and disposed under the guidance of Hon'ble Apex Court.

We don't find any necessity for another study currently.

Yours faithfully,

(R.N. Jindal)
Director (S)
