

# reality

Pursuit of profit caused the Bhopal disaster of 2nd Dec. '84.  
Death toll: 20,000. One person dying everyday.  
Second generation of children face health impacts.  
150,000 chronically ill survivors still need medical attention.  
Ground water contaminated. Potential risk for all of BHOPAL.

# demands

The guilty should face trial.  
Long term health care for affected families.  
Clean up contaminated factory site & provide clean drinking water.  
Economic rehabilitation for affected families.

# dreams

A toxic-free future.

DOW Chemicals, the new owner of the Killer Carbide Factory is responsible for all criminal, medical, social and environmental liabilities for the ongoing disaster in Bhopal.
